**Welcome to XAMPP for Linux 1.7.7 !**

**Congratulations:**  
**You successfully installed XAMPP on this system!**

Now you can start using Apache and Co. Firstly you should try »Status« on the left navigation to make sure everything works fine.

After testing you may take a look at the examples below the test link.

If you want to start programming PHP or Perl (or whatever ;) please take a look at the [XAMPP manual](#) first and get more information about your XAMPP installation.

Good luck,
